

# Goat Purchase Agreement

## Conditions of Sale:

Goats can be held with a \$100 NON-REFUNDABLE\* deposit, and must be paid for in full before leaving the farm. Deposits are taken on a first-come first-served basis, and **NO GOATS WILL BE HELD WITHOUT A DEPOSIT IN HAND**. Adult goats can be held at the farm for 2 weeks while arrangements are made for pick up, after that, a \$2 per day boarding fee will be charged. If the goat has not been picked up within 30 days from the date of sale, unless mutually agreed upon in writing for them to stay longer, the sale will be considered forfeited and any fees paid non-refundable.

Unborn kids can be reserved without a deposit. Celtic Pride Farm reserves the right to retain any kid from any breeding at any time prior to its sale. Once you are notified your kid is born a deposit of 100.00 is required to hold your kid. All kids are disbudded. If you want a horned kid then it must be paid for in advance since there is a limited demand for horned kids. Our buck kids sold as wethers are sold without papers but are intact (unless arrangements have been made for the buyer to have them castrated sooner, at their cost) since delayed castration is beneficial to the bucklings health. We will not sell one goat by itself unless there is already at least one goat at the new home. Kids are sold with registration papers from ADGA unless otherwise specified. We normally do not sell bottle babies, they are dam raised and weaned at 8 weeks. Kids must be picked up within 2 weeks of weaning, or a \$2 per day boarding fee will be charged. If the kid has not been picked up within 30 days from the date of weaning, unless mutually agreed upon in writing, the sale will be considered forfeited and any fees paid non-refundable.

We guarantee that your kid is healthy before it leaves our farm but we cannot guarantee its health once it is off our farm and outside of our control. Stress is very common in both kids and adults of all ages when moved from one place to another. Illness, disease, and in rare cases death can occur if the animal is not properly handled or treated. We will not be responsible for stress/illness of any kind after the animal leaves our farm. For that reason all sales are final once the animal leaves our farm.

## Payment:

We accept checks (must have time to clear the bank before animal leaves), PAY PAL and cash. If you wish to pay via PAY PAL you will be responsible for any transaction fees associated with that form of payment. Balance of payment on your goat or goats will be due upon notification that they are ready to leave for their new home and must be paid in full prior to the time of transport.

All shipping costs (transportation, health certificates, testing, crates etc.) are the buyer's responsibility.

I agree that I have read, understand, and will adhere to the conditions set forth in this purchase agreement.
